

# Flatware Detector™

**Don't let flatware losses  
Flatten your bottom line...**

**Works with your existing  
32 Gallon Trash Receptacles**

\*Trashcan not included

Surveys have revealed that flatware is the #1 leading non-food item purchased by restaurant and hospitality service operators. The FRS Restaurant detector will save restaurants and hospitality industry money. The huge expense of replacing flatware can be cut by 80% or more with the use of the FRS Restaurant Detector. Designed to fit over a standard 32 gallon trash receptacle, the FRS Restaurant and Trash detector alerts the busboy or server that flatware has been discarded, allowing quick retrieval. Heavy duty plastic construction, waterproofing, with security re-settable counters; this detector will pay for itself in a very short time.

- The Patented Detector technology helps stop flatware losses at the point of loss
- Patented design tracks the loss of flatware with a numeric counter that can be reset only by supervisors
- Water resistant, and made of rugged, durable plastic to withstand harsh kitchen environments and cleaning
- 1 Year warranty on casing, electronics and coil assembly
- Designed to fit over a standard 32 gallon trash receptacles
- Large funnel-shaped opening (7 ½" X 15") allows quick and easy passage of large quantities of waste
- Encourages employee responsibility in protecting restaurant assets.

## Flatware Detector Product Specifications:

UPC Code: 0216332600005

Dimensions: 22.5" Diameter, 7.0" High, 6.5lbs Weight

Colors: Black

Packaging Type: Cardboard Box

Packaging Dimensions:

Height 26", Length 23", Width 8", Weight 9.0lbs

Construction: High-impact, reinforced ABS body, with water resistant, gasketed and 'O'-ring sealed covers

Adjustability: Sensitivity can be adjusted to only detect items larger than a certain size. Fits 32 gal. Rubbermaid and equivalents

Patents: Flatware Detector USA Patent Number 6833789

International patents applied and pending.
